ABSTRACT

BIOGRAPHY OR HISTORY

Annette Friskopp and her wife, Sharon Silverstein, are the authors of the book "Straight Jobs Gay Lives" which was published in 1995. They were involved with gay and lesbian representation and activism in the workplace. They were featured as one of the first inter-faith lesbian relationships to be featured in a Jewish newsletter. The couple gained notoriety in the community when they separated and had a legal battle over their children. Their court case closed the door to the "second parent" adoptions in California. Annette was also convicted of domestic violence against her partner.
